2.1 Approval of Minutes from May 5th 2025.

3. Park Reports

3.1 Mound Creek County Park

3.2 Treml County Park

3.3 Lake Hanska County Park

3.4 Lost Dog and Fox Hunters County Park

4. New Business

4.1 Mound Creek Ash Trees

Staff is looking for the Park Commission's direction on how to proceed with managing all the ash trees on the property. There is a large amount of ash trees lining the driveway and throughout the park and they are showing signs of emerald ash borer.

4.2 Lost Dog and Fox Hunters Tree Plan

In 2024 the Ash Trees that lined the driveway into the park were cut down by the sentence to serve crew leaders and stumps were removed by Carr's tree service. Staff is looking for direction from the park commission if there is a desire to re-plant or leave that area open.

Old Business

5.1 Treml Park Outlet

Staff met with MN DNR onsite to view the outlet and have filed for a permit amendment to repair and replace it if necessary with in-kind pipe. As of 7/28/2025, we do not have any comment from the MN DNR on the proposed amendment.
